

Caring for Someone Living With Dementia?

Step Into Their World. Transform Your Caregiving.

Dementia Reality for Family Caregivers is a 2.5-hour interactive training for family caregivers and care partners. Through immersive dementia simulation, guided discussion, and practical caregiving strategies, you'll gain a deeper understanding of the dementia experience and learn tools to care for your loved one with greater confidence and compassion. Ideal for family caregivers, those new to dementia care, and anyone supporting a person living with dementia.

You'll Learn How To:

- Improve communication with your loved one
- Gain practical caregiving strategies
